

FOR IMMEDIATE RELEASE – July 9, 2009

SEND IN THE CLOWNS WINS BUSKER WINDOW COMPETITION!

To celebrate Kingston Buskers Rendezvous, downtown businesses were invited to decorate their windows in a Busker-like fashion for the chance to win a busker performance outside that very window! And they delivered!

A team of five judges hit the streets Monday afternoon to see what the businesses had come up with. They were not disappointed! Stores all through the Downtown were decked out in their Busker best – tumbling monkeys and decked out penguins were among the creative ideas thought up by participants.

Ultimately, Send in the Clowns was chosen as the winner. Send in the Clowns was a very close runner up in last year's competition and wowed the judges this year with an entire Busker festival being played out in the window by sock monkeys! There are jugglers, fire-breathers, musicians and even a monkey selling lemonade!

An honorable mention goes to King Street Sizzle for all of the obvious hard work that went into decorating their window. Thanks of course to all participants and judges – downtown has really come alive with the fun of Buskers!
