## **FLYING CANUCKS TO SOAR AT FEB FEST!**

On Wednesday, February 3<sup>rd</sup>, the people of Kingston will be amazed by a group of skiers and snowboarders performing their tricks on King Street by Market Square. The aptly-named Flying Canucks are a group featuring past, present and future Olympians in the sports of freestyle skiing, snowboarding and trampoline. They will be performing their tricks on a trampoline, which will be set up for each show. This year's show will feature 3-time Olympian and 2-time Canadian Champion Jeff Bean, former Cirque du Soleil member Olivier Lemieux as well as several other new Canadian stars.

“Watching this group of elite athletes perform is a site to see. I am really looking forward to their return to Feb Fest,” says organizer Jan MacDonald.

The Flying Canucks perform outstanding aerial acrobatic skiing, snowboarding and new-school freestyle ‘Big Air’ manoeuvres. They jump, flip, somersault, twist and turn individually and simultaneously in synchronization, to the high energy beats of a dynamic soundtrack. It's the most entertaining combination of action and athleticism!

The shows are sure to be a hit with the whole family. Performances are scheduled for 1pm, 5pm, 7pm and 8pm. Be sure to bring your camera...The Flying Canucks will stick around after each show for pictures and autographs.

The Flying Canucks are generously sponsored by StarTek.

Feb Fest runs from February 1st through the 7<sup>th</sup>. Check out [www.downtownkingston.ca](http://www.downtownkingston.ca) for a full listing of events.
