

FOR IMMEDIATE RELEASE

MAPLE THE COW COMES TO KINGSTON!

Maple the cow has arrived in Kingston! The Dairy Farmers of Canada are touring the country this summer with their Mobile Experience program which includes Maple- a life size, mechanical model of a real dairy cow that can actually be milked! Maple tours with three farm experts who engage kids by teaching them how to milk the cow. The Dairy Farmers of Canada have developed this educational program, which Maple is the focus of, to educate kids on the dairy process- specifically, how milk gets from a cow on the farm to a cup on their table. The Maple and her team of experts are set up in Confederation Park today and Sunday and will be at the Kingston Public Market, behind City Hall all day on Saturday.
