Saturday September 25th, 2010
Confederation Park, Kingston
11 am – 6 pm

Immigrant Services Kingston and Area (ISKA) and Kingston Immigration Partnership (KIP), as part of Kingston Community Health Centres (KCHC), are proud to announce the upcoming Kingston Multicultural Arts Festival, to be held September 25th in Confederation Park, in historic downtown Kingston. ISKA and KIP are proud to organize an event that will showcase the rich tapestry of cultures that make Kingston vibrant, and promote our city as a diverse place to live, work and play. This family-friendly festival will include music and dance performances, an international marketplace, a language learning village, arts and crafts activities, and educational displays and speakers. It will be an opportunity for all to learn about the different people and cultures that call Kingston home.

KCHC thanks the City of Kingston and Citizenship and Immigration Canada for their generous support. KCHC also extends thanks to the Festival organizing committee, that includes a number of local multicultural and arts groups, as it is their commitment and partnership that is making this exciting new Festival possible.

Mark your calendars – the world comes to Kingston September 25th!
