Mid-Afternoon	(2:15 p.m. – 3:50 p.m.)
Early Evening	(6:15 p.m. – 7:50 p.m.)

Notes:

Pedestrians were counted for a fifteen-minute period as they crossed an imaginary line, in one location on one side of the street, and then were extrapolated for a full hour.

Locations 1-5 were counted, as in previous years, during the first week of the survey, which is the last week of July. Locations 6-10 were surveyed during the second week, which is the first week of August.

This was not a scientifically controlled survey i.e. sunny side versus shady side; actual time of 9:45 – 10:05 a.m. may not compare with 10:35 – 10:55 a.m. etc.

Public Market days occur on Tuesdays, Thursdays and Saturdays, with an Antique Market occurring on Sundays throughout the survey in Market Square. Princess Street Promenade was held on Aug 4.
